SECTION 1 – ANTI-BULLYING POLICY

BJJ School Belfast Anti-Bullying Procedure

ANTI-BULLYING POLICY

Definition:

Bullying has been recognised and defined as deliberately hurtful behaviour usually repeated over a period of time, where it is difficult for those bullied to defend themselves. It can take many forms, but the three main types are physical (e.g. hitting, kicking, theft), verbal (e.g. racist or sectarian remarks, threats, name-calling) and emotional (e.g. isolating an individual from the activities and social acceptance of his peer group). The damage inflicted by bullying can frequently be underestimated. It can cause considerable distress to children, to the extent that it affects their health and development or, at the extreme, causes them significant harm (including self-harm).

Co-Operating To Safeguard Children Chapter 9.48

Bullying is not an accepted behaviour towards anyone at **BJJ School Belfast** be they child, coach, volunteer or parent. Anyone found to be bullying others will be dealt with seriously both in regards to the behaviour exhibited and the reasons for the behaviour.

The possibility of people being bullied should be discussed openly within the Club and all young people and staff informed of both the Clubs' views on bullying and ways in which bullying can be prevented/stopped. It should be emphasised that anyone can be the victim of bullying and that being or feeling bullied is not a sign of weakness and does not make the victim a less valuable person.

Action to be taken if a child states they are being bullied:

- Child to be given time to say how they are being bullied and reassured they are right to tell.
- Adult/Designated Safeguarding Children Officer to keep the young person informed of their proposed action and to take into account child's feelings and perspective.
- The child's parents can be informed of your concerns and response.
- Chairperson/Leader of the club to be informed of any incident of bullying so that policies and practices can be reviews on a regular basis.

SECTION 2 – SAFE RECRUITMENT PROCEDURES

Guidance for this recruitment procedure has been taken from:

- The Code of Ethics and Good Practice for Children's Sport
- Our Duty to Care DHSSPS 2012
- Getting it Right DHSSPS 2012
- Safeguarding Vulnerable Groups (NI) Order 2007
- Protection of Freedoms Act 2012
- Access NI guidance www.accessni.gov.uk

BJJ School Belfast relies heavily on the time and commitment freely given by volunteers, and without this the opportunities for children and young people to participate in *Brazilian Jiu Jitsu* would not exist.

BJJ School Belfast will adopt the recruitment procedures as outlined in the Service Level Agreement with Belfast City Sports Development Unit.

BJJ School Belfast will ensure good recruitment procedures by:

- Defining the role the individual is applying for the post
- Ensuring that the individual completes and signs the Access NI Disclosure Certificate Application Form which gives permission to enable **BJJ School Belfast** to request an Access NI check (proof of identity MUST be provided).
- Setting a probationary period (six months for staff or long-term volunteers).
- Interview/meet the individual either formally or informally. Have two designated members (Alan Lowry & Conor Dunbar) doing this to enable you to;
 - Assess the individual's experience of working with children or young people and knowledge of safeguarding issues.
 - Assess their commitment to promoting good practice.
 - Assess their ability to communicate with children and young people (i.e. be approachable). One way of doing this is to consult young people or ask questions to examine how a person would respond to a particular scenario e.g. are they authoritarian or too relaxed in their approach.
- Ensuring that the Management committee ratifies appointments.

Information from Access NI will be received by the individual and the governing body (though under the Protection of Freedoms Act only the individual applicant will receive a copy of the certificate in the future proposed introduction of this will be from mid - 2014 in Northern Ireland) . It will be scrutinised in the first instance by the Case Management Panel appointed by **BJJ School Belfast**. The panel will decide whether a disclosure is relevant or contrary to **BJJ School Belfast** standards, individuals will be advised of decision.

VOLUNTEER APPLICATION FORM FOR THOSE IN REGULATED POSITIONS

Please read this information carefully.

Statement of non-discrimination

BJJ School, Belfast is committed to equal opportunity for all applicants including those with criminal convictions. Information about criminal convictions is requested to assist the selection process and will be taken into account only when the conviction is considered relevant to the role. Any disclosure will be seen in the context of the criteria for the role, the nature of the offence and the responsibility for the care of existing clients\volunteers and employees.

Advice to Applicants

You have applied for a role which falls within the definition of an “excepted” position as provided by the Rehabilitation of Offenders (Exceptions) Order (NI) 1979: therefore ALL convictions including SPENT convictions MUST be disclosed. The disclosure of a criminal record or other information will not debar you from completing the course successfully unless the **BJJ School Belfast** considers that the conviction renders you unsuitable. In making this decision the **BJJ School Belfast** will consider the nature of the offence, how long ago it was committed and what age you were at the time and other factors which may be relevant. This information will be verified through an appropriate Access NI Enhanced Disclosure check. If you have received a formal caution or are currently facing prosecution for a criminal offence you should also bring this to our attention given the “excepted” nature of the role.

SECTION 3 – AWAY DAYS AND RESIDENTIALS

Away Days

Travelling to away fixtures is a regular event for many junior clubs. Trips may vary from short journeys across town to play another local team or involve more complicated arrangements involving overnight stays. But even what may appear as the most straightforward of trips will require some level of planning. The following will outline a number of issues that need to be considered when travelling with children.

Communication with:

- **Children/ young people¹** – they should be aware of the travel plans, venue and time for collection, time of return and any costs. Children should also have a clear understanding of what standard of behaviour is expected of them. Children must know what sports kit they need to bring with them.
- **Parents** – should be made aware of the above and must have completed a consent form detailing any medical or other relevant issues that the team manager should be aware of. Parents should also have the name and contact details of the team manager in the event of an emergency.
- **Other coaches/volunteers** – need to be made aware of what their responsibilities are in advance of the trip. If the trip is a long journey, it is important that all coaches/volunteers/parents and young people have an itinerary.

Transport

The following are the actions the club expect from those asked to transport young people.

- Ensure the driver has an appropriate and valid driving licence.
- Allow an appropriate length of time to complete the journey.
- Consider the impact of traffic and weather conditions.
- If using a mini-bus ensure that all seats are forward facing and they all have seat belts fitted if carrying children. Is the driver experienced in driving a mini-bus?
- Ensure leaders and children wear seat belts.
- Check there is appropriate insurance for the journey.
- Clarify supervision requirements with other leaders. The driver should not be considered as a supervisor during the journey.
- Ensure that the vehicle is road worthy.
- Ensure that the driver has undertaken an Access NI check.
- Ensure the appropriate booster seats are provided when required.

¹ The terms children and young people will be used interchangeably through this policy to refer to anyone under 18 years of age.

Ratio

The club when planning and running sports activities for children and young people will consider providing an appropriate staffing/supervision ratio of adults to participants. This will minimise any risks to participants and enhance the benefits they draw from the activity.

There are a number of **key principles** that we will consider as good practice:

- Ensure the driver has an appropriate and valid driving licence.
- Allow an appropriate length of time to complete the journey.
- Age of children
- Additional supervision/support needs of some or all participants (for example due to disability)
- Competence/experience of participants for the specific activity
- Nature of activity (for example climbing or swimming sessions may require higher levels of supervision than an aerobics class)
- Nature of venue (whether closed and exclusive, or open and accessible to members of the public)

(Dependent on the sport the ratio of adult to child may vary but whatever is considered appropriate would generally need to be increased when travelling away from home. Contact your NGB for further information)

Insurance

In addition to the mini-bus/car insurance, the team manager needs to ensure that the clubs general insurance covers travel to away events.

Emergencies

Ensure that the vehicle has breakdown and recovery cover. At least one of the leaders should be trained in first aid procedures and a first aid kit should be available.

The leader should have access to a mobile phone and contact details for all the children.

The above are only basic points of advice and are not comprehensive guidelines. We would encourage all leaders in charge to complete a risk assessment before any away trips.

Hosting

Being a host family or being hosted is an integral part of many sports and, if handled appropriately, can add to a child's enjoyment and experience at a competition. The whole area of hosting though can create a great deal of concern for parents, children and the hosts. It is in response to these concerns that we have drawn up the following guidelines.

Being a host can be a particularly challenging role, but also very rewarding. A host should be provided with as much information about the child/children staying with them and details of the competition. They in turn should agree to provide references and be vetted when this is available. With the introduction of the Criminal Records Bureau, Disclosure Scotland, Access NI, and Garda Vetting* access to vetting for sports clubs organising events within England, Scotland, Wales, Northern Ireland or Republic of Ireland should be achievable.

When arranging for events/trips abroad, the club are dependent on the ability of the host organisation to access vetting services and obtain appropriate references. It is still the responsibility of the trip organiser to provide the hosts with the relevant information on the child and details of what is expected.

* Garda vetting is available to a number of sports organisations in the Republic of Ireland.

SECTION 4 – HEALTH AND SAFETY PROCEDURES

First Aid Arrangements

BJJ School Belfast will endeavour to provide first aid treatment for injury, accidents and cases of ill health during coaching sessions or at competitions. This will comprise of suitably trained First Aid person and appropriate equipment and facilities.

- CLUB Manager will seek volunteer(s) who are willing to train as a qualified 'first-aider' or 'appointed person'. Where this is not possible, other local arrangements will need to be identified and organised by the local club. Recommended quota of first aid persons against the number of members on the premises is:
 - Under 25** = 1 x appointed person
 - 25 – 49** = 2 x appointed persons
 - 50 - 99** = 1 x first aider and 1 x appointed person
 - Over 100** = A first aider at a ratio of 1-50
- Where only one first aider (or appointed person) is required another must be made available to provide cover during holiday periods and unforeseen absences.
- The names and contact details of the first-aiders must be notified to all members at a **BJJ School Belfast** location. Details will be displayed at prominent locations
- The role of the 'appointed person' is to take charge of an emergency situation until trained assistance can be called. Where possible appointed persons should be given emergency first aid training:
 - (1) What to do in an emergency;
 - (2) Cardio-pulmonary resuscitation;
 - (3) First aid for the unconscious casualty; and
 - (4) First Aid for the wounded or bleeding.
- The first-aiders must all be trained by an approved body such as St. John's Ambulance Brigade or the British Red Cross. Copies of the certificates must be retained by the appropriate club manager.
- The certificates are valid for three years and arrangements must be made for first-aiders to receive refresher training before the current certificate expires.
- First-aiders **are not authorised** to administer any forms of medication. Any members reporting to the first-aider that they require such treatment must be referred to their own doctor.
- All first aid boxes must have a white cross on a green background. Similarly, first aid facility/room should be easily identifiable by white lettering or a white cross on a green background.
- The First Aid signs should be placed where they can be seen (not obstructed from view) and easily identified.
- First-aiders will have access to fully stocked first-aid boxes. These are to contain (the following is only guidance and each organisation must review their own needs as there is no set regulations as to what a first aid box should contain):
 - Guidance notes explaining first aid at work (such as first aid at work by the HSE);
 - Pad and Pencil - to record condition of person requiring first aids
 - 20 individually wrapped sterile adhesive dressings of assorted sizes;
 - Two sterile eye pads, with attachments;
 - Six individually wrapped triangular bandages;

- Six safety pins;
 - Six medium sized, individually wrapped sterile un-medicated wound dressings;
 - Two large, individually wrapped sterile un-medicated wound dressings;
 - Three extra-large, individually wrapped un-medicated wound dressings;
 - Two pairs of disposable gloves;
 - Surgical tape;
 - Medical Scissors; and
 - Face Shield - very basic such as 'Resuci Aid'.
- First aid boxes **must not** contain any medications such as pain killers, creams or eye ointments. Other items such as protective clothing/equipment can be used e.g. disposable gloves, vent-aids.
 - A list of the required contents (as above) and the name of the appointed person or first aider should be kept within the first aid kit. First-aiders and appointed persons will be responsible for ensuring that the boxes are regularly checked and restocked if necessary.
 - Most of our facilities do not have a designated first aid room; however there should be a room available which could be converted for first aid purposes if required.
 - Notices must be displayed within each building informing people of the means of summoning first aid assistance and of the location of the first aid box.
 - For visitors to the club premises, the host will be responsible for calling first aid if required. If the visitor is to be unaccompanied, the host should ensure that they are familiar with the means of calling for assistance.
 - Many members are required to coach away from their club. Where this is the case those members should ideally be given 'emergency first aid training' and carry a First Aid Kit in the car. If an emergency arises the Club Representative will then be able to cope with the situation.
 - The training and first aid kits should be made available by the line manager/budget holder.
 - Some members carry their own medications such as inhalers for asthma or 'Epipens' which contain injectable adrenaline for the treatment of severe allergic (anaphylactic) reactions, for example to peanuts. These medications are prescribed by a doctor. If an individual needs to take their own prescribed medication, the first aider's role is limited to helping them do so and contacting the emergency services as appropriate.
 - Medicines legislation restricts the administration of injectable medicines. Unless self-administered, they may only be administered by or in accordance with the instructions of a doctor (e.g. by a nurse). However, in the case of adrenaline there is an exemption to this restriction which means in an emergency, a suitably trained lay person is permitted to administer it by injection for the purpose of saving life. The use of an Epipen to treat anaphylactic shock falls into this category. Therefore, first aiders may administer an Epipen if they are dealing with a life threatening emergency in a casualty who has been prescribed and is in possession of an Epipen and where the first aider is trained to use it.
